

Specifications List

Laser Module	LU3-20A -20W	LU2-10A -10W
Focal Spot	0.08*0.08mm	0.05*0.1mm
Machine Power	120W	80W
Laser Electric Power	80W	40W
Power input	24V 6A	24V 4A
Maximum Luminous Power	20W	10W
Focal Length	56.5mm	50mm
Focusing Mode	Manual	Manual
Wavelength	450±5nm	450±5nm
Air Assist Device	√	√
Lifetime	10,000H	10,000H
Cleaning Method	Cotton wetted with alcohol and wipe off the dust and dirt on the surface of the lens, wait for the alcohol to evaporate	Cotton wetted with alcohol and wipe off the dust and dirt on the surface of the lens, wait for the alcohol to evaporate
Cleaning Time	Generally, wipe with alcohol cotton once every 50h of use	Generally, wipe with alcohol cotton once every 50h of use
Working Area	400*380 mm	400*400 mm
	(15.75*14.96 inches)	(15.75*15.75 inches)
	Expandable to 400*830mm (15.75*32.68 inches) with Ortur Extension Kit	Expandable to 400*850mm (15.75*33.46 inches) with Ortur Extension Kit
